WORK EXPERIENCE

Rupa Color Inks

Packing Associate - Summer Job

Apr 2016 - Jun 2016

- Referred to order sheets to determine tins for sorting, picking, and packing.
 - Stacked items according to their weights, sizes, and type of Inks.
 - Looked through work orders to determine which items need to be picked up.
 - Located items within the storage area, and physically pick them up, moving them to parking areas.
 - Checked each item to ensure conformity to quality standards and pack and label it properly.
 - Move packed and labeled items to the delivery pallet, and place them onto awaiting delivery trucks.
-

VOLUNTEERING

Youth in Philanthropy(YIP) - Foundation for MetroWest, Natick, MA, USA

Youth Philanthropist

Sep 2018 - Jan 2019

- Learned about philanthropy and how we youths can take part in philanthropy by holding regular meetings every week to decide on strategies for fundraising and also to determine on an organization to donate the raised money of \$1000 in a bake sale by collaborating with peers.
- Presented in front of the board members of the foundation for Metrowest, as a team, by using our skills in Microsoft PowerPoint and teamwork to convince them why the Hopkinton Center for Arts is the best organization to receive the grant from the Foundation for Metrowest along with the raised money.
- Gave a speech at the gathering of the foundation for Metrowest to show what we learned from the program and also to share our success.

ESY Natick Summer program for Special Children, Natick High School, Natick, MA, USA

Teacher Assistant

Jul 2018

- Resolved conflicts between students by mediation to provide a safe, friendly, and fun environment for educating children.
 - Helped the teachers set up and arrange before and after their classes by gathering materials needed for the program, such as fishing, cooking, robotics, and collaborating with fellow volunteers to help teachers teach their classes more efficiently.
 - I took care of the students and made sure all their needs were met by listening to their interests and being a friend to make sure that the students did not hurt themselves or others and got the best out of the program.
-

SKILLS

- Hands-on in Microsoft Word, Microsoft Powerpoint, Microsoft Excel, Microsoft Outlook to increase productivity and for efficient use of time for simple tasks such as scheduling meetings, calculations, and to create visuals such as tables and graphs.
- Proficient in programming languages including Java, Python(Flask), HTML, CSS, and Javascript including Socket.io and PostgreSQL Database with Flask to create dynamic webpages.
